

Superior Screens Commercial

Manufacturer of COLORBOND® steel and aluminium sun-control, privacy and fencing solutions for residential and commercial properties Australia-wide.

Superior Screens Commercial

Superior Screens offers unique design solutions to fit the specifications and budget of any commercial project.

Whether it's a multi-unit development requiring privacy screens or an architectural facade screen for a high rise unit development, Superior Screens delivers high quality, durable products that are made to withstand our harsh Australian climate.

Superior Screens specialise in commercial screening applications for:

- Sunshade awnings on north facing applications
- Council compliant privacy screening for windows and balconies
- Courtyard privacy screening, fencing and gates
- Custom designed building facades
- Sunshade pergolas with infill screening
- Screening for multistory carparks
- Air conditioner and refuse area screening

A superior product

Our custom designed screens are made from various aluminium or COLORBOND® steel profiles including slatting, fixed and adjustable louvres and plantation shutters. You can also choose from our latest patented Klik'n'Fit™ fencing and screening system.

A superior service

Our nationwide network of distributors offers a full service from the planning and design stage to installation. We promise to meet your individual project requirements and deliver an outcome that adds value to your project.

Why Superior Screens?

- Extensive colour range including 'wood imaging'
- Unique patented systems for easy installation and manufacture
- Made to last
- Flexible design options – slatting, lattice, louvres, shutters
- Choice of sliding, fixed, bifold or hinged
- Technical specifications and drawings provided on request
